

EAT THIS, NOT THAT!

Making some simple swaps or substitutions to your favorite dishes may make a difference in helping you control your blood sugar. Here are simple things you can do to keep your meals type 2 diabetes–friendly.

SWAPPING THE BAD FOR THE GOOD
WHEN SHOPPING

If you find yourself being drawn to unhealthy options, consider some easy swaps:

Swap white bread with lavash or sprouted bread

Swap white rice for cauliflower rice

Swap butter for olive oil, avocado oil, or bean puree

Swap white potatoes for sweet potatoes, which have a lower effect on blood sugar

Swap regular spaghetti for quinoa spaghetti, chickpea pasta, almond pasta, bean pasta, or lentil pasta

SWAPPING THE BAD FOR THE GOOD
WHEN DINING OUT

If you find yourself being drawn to unhealthy options, consider some easy swaps:

Swap red meat for white meat

Swap fries for a salad

Swap white bread for wheat bread in a sandwich—or even better—a lettuce wrap

Swap fried eggs for poached or scrambled eggs

Swap soda for water
